“This is another home run for Project Censored. Censored 2013 shows how the American public has been bamboozled, misinformed, and dumbed down by the corporate media. It is chock-full of ‘ah-ha’ moments where we understand just how we’ve been fleeced by banksters, robbed of our civil liberties, and blindly led down a path of never-ending war.”
—MEDEA BENJAMIN, author of Blows That Knock and Censored, and author of Dream Bigger
